Dear

Asalamu'Alaikum,

I thank Allah (SWT) for his blessing bestowed upon me to be able to once again present to you our annual Activity Report 2010/11. Alhamdu'Lillah, you will see that with your dua's and kind generosity we have had a significant impact on the lives of thousands of needy and suffering people around the world.

We have managed to provide relief to flood victims in Pakistan and the drought victims of East African countries such as Somalia, Ethiopia and Kenya. We have provided food, water, and accommodation to over 50,000 flood victims in Pakistan over the last year. We have also managed to complete the building of 100 houses in the first phase of our housing scheme in district Muzafaragur, Pakistan. Our network of hospitals and free medical camps has served millions of needy patients around the developing world. Please find our Activity Report enclosed and we request your kind support for the year ahead Insha'Allah.

Unfortunately our efforts are never enough, we need to continue to assist those in the world's poorest countries who look towards us for help. The blessed month of Ramadan has arrived, we thank Allah (SWT) for granting us the opportunity to see it again, there really is no better time than now to benefit the needy but also gain ourselves with abundant rewards and blessing from our Lord. East Africa Food Appeal

For the drought victims of Somalia, Ethiopia and Kenya.
10 million people need urgent food and medical care.

A food crisis triggered by severe drought threatens the livelihoods of over 10 million people in East Africa. According to the United Nation reports the region is suffering its worst food crisis in 60 years with a severe food crisis. Somalia: One of the hardest-hit countries, with deaths reported in some areas amid alarming malnutrition levels. Food is scarce and beyond the affordability levels of the poor. Experts are also warning that the situation could get worse in the short term if the delay in food aid and poor rains cause the current crop to fail. Ethiopia: It is estimated that 3.2 million people are in need of emergency food and medical assistance. The Food Security and Nutrition Working Group, a regional forum, states that the rate of Somali refugees arriving in southern Ethiopia has jumped from 5,000 per month to more than 30,000. Al-Mustafa is collecting donations in the form of money, food, medicine and clothes. Our target is to deliver at least 5000 food packs everyday.
